Ukraine

## Summary

Komanda helps small and medium-sized business owners launch effective WordPress-based websites. Our focus is your result, so with us, your project will be ready on time and on budget.

We work with both small family businesses that few people have heard of and large projects. We have launched projects with Diia.Business, Azov Regiment, Finmap, DELL, Kingston, Polar, and Expandi. Here <https://clutch.co/profile/komanda#reviews> you can learn about the experience of working with us from other clients.

According to the results of 2022, we took the first place in the rating of Top 15 WordPress developers in Ukraine by Clutch: <https://clutch.co/ua/developers/wordpress/leaders-matrix>
