CAREER HISTORY

Ukrainian Nature Conservation Group – 2018 - present

UNCG is a Ukrainian NGO aimed to consolidate efforts of experts and scientists to protect biodiversity. I am one of the founders of the organization, also acting as the Chairman of the Board. My duties include communication with governmental bodies; establishment and support of protected areas; development of the Emerald Network in Ukraine; promotion of biodiversity conservation; coordination of the organization`s work; project management etc.

Institute of Zoology of the National Academy of Sciences of Ukraine – 2004 - present

In the Institute, I work as a staff scientist in the Department of fauna conservation and monitoring. My duties include development of databases, monitoring of rare fauna species and analysis of draft legislation related to nature conservation.

ICO “Environment-People-Law” – 2014 - 2019

My duties included analysis of the impact of warfare on nature of Eastern Ukraine, monitoring of protected areas; development of publications and documents on nature-conservation issues; communication with media.
